

Electronic Monitoring of Employees

Human Resources

Purpose

The purpose of this policy is to be transparent about the Brantford Public Library's practices relating to the electronic monitoring of employees. This policy will describe how electronic monitoring of employees occurs, and communicate the purposes for which the information obtained through electronic monitoring may be used.

Defined Terms

"Employee" means a person who works at the Brantford Public Library, either part-time or full-time.

"Electronic Monitoring" is a general term that refers to the technological surveillance of an individual or individuals. It includes all forms of employee monitoring that is conducted electronically.

Policy

1.0 Scope

This policy applies to all full-time and part-time employees of the Brantford Public Library, including probationary, temporary, permanent, and contract staff. This policy applies to all Brantford Public Library branches and the broader workplace as defined in the *Occupational Health & Safety Act* (OHSA) and includes offsite work.

2.0 Systems with Electronic Monitoring Capabilities

- 2.01 The Brantford Public Library engages in the electronic monitoring of employees as defined within this policy. Monitoring occurs on work-issued/networked hardware, Library owned/operated software/apps, public online platforms owned/operated by the Library, and social media platforms.

The systems and programs that permit the Library to electronically monitor employees are intended primarily for the provision of services and productivity tools, and to meet technological infrastructure and security needs.
- 3.02 Although it is not the primary purpose, the Library may use any available forms of electronic data for the purposes of:
- Evaluating staff performance;
 - Identifying safety concerns;
 - Gathering information to analyze and improve Library operations and workflow;
 - Ensuring security of facilities;
 - Investigating complaints or suspected breaches of Library policy.
- 3.03 In appropriate cases, the Library may rely on data/information gathered through the Library's electronic monitoring systems to investigate (formally or informally) and discipline employees.

4.0 Interpretation

- 4.01 This policy shall be read in conjunction with all collective agreements and contracts of employment to which the Library is a party.
- 4.02 If any collective agreement or contract of employment specifically limits the Library's ability to electronically monitor employees or to use electronic data to investigate or discipline employees, those contractual provisions will govern and the Library will comply with the terms of any contract of employment or collective agreement.

5.0 Posting Notice and Retention

- 5.01 The Library shall provide a copy of this policy to each employee within 30 calendar days of its implementation or within 30 days after any changes are made to this policy.
